- 5.1. **Judging and Judging Criteria.** A panel of qualified judges (“Judges”) will select the three (3) highest-scoring Entries in accordance to the process described in this section. The selection will be based on the Judges assessing the Entries against the following criteria (“Judging Criteria”):

- Impact – what is the size of problem being solved and the value of the solution (0 - 5 points)
- Innovation – how unique is the solution (0 - 5 points)
- Quality – of the overall design and execution of the solution (0 - 5 points)
- Ease of use – how elegant is the solution? How easy for a customer to adopt? (0 - 5 points)

If during this process there is also a tie in scoring for the "Innovation" Judging Criteria category among any 2 or more tied Submissions, the tie will be broken based on the Entry with the highest average score for the "Impact" Judging Criteria category. Judges reserve the right in their sole discretion to select fewer than the stated number of or potential winners if there is an insufficient number of eligible Submissions, or an insufficient number of eligible Submissions meeting the minimum scoring of 12.
